

## Video Editing Scenes Rubric

Student Name \_\_\_\_\_

Category	Redo for Mastery	Approaching Mastery	Mastery	Above Mastery
<b>Required Elements</b>	The scene does not match the Movie Trailer Storyboard or is too confusing to follow.	The scene rarely matches the storyboard details. Some of the details are unclear and/or inaccurate.	The scene for the most part supports the details in the storyboard, but a few parts may be unclear or need more details.	The author creates a scene that displays the details in the Movie Trailer Storyboard creatively and accurately. The reader is engaged and follows along easily.
<b>Scene Description</b>	The description is inaccurate and incomplete. Readers are unclear what is happening.	The description describes the action accurately, but parts are unclear for readers.	The description describes the scene accurately, but a few minor details are needed.	The description is complete, comprehensive, and correct. Readers have a clear understanding of what is taking place in the scene.
<b>Tool Evaluation</b>	The evaluation is too brief and does not show deep analysis of the tool.	The evaluation describes the tool features, but parts are unclear and/or inaccurate.	The description describes the tool features accurately, but more details are needed and/or parts are unclear.	The tool evaluation is complete, comprehensive, and correct. It includes likes, recommended improvements, ease of use, safety/appropriateness for students, and if the author would use with students.
<b>Effective Use of the Tool / App</b>	The author does not use a tool or app approved by an instructor.	The author uses a tool or app approved by an instructor. The storyboard shows major problems with the use of the features of the tool/app. More practice is needed.	The author uses a tool or app approved by an instructor. The storyboard showcases a few features of the tool/app but a little more practice with the tool/app is needed.	The author creates a storyboard that showcases various features of the tool or app in an engaging way. The author uses a tool or app approved by an instructor.
<b>Mechanics</b>	The assignment has several grammar and spelling errors that make the database/storyboard nearly unreadable.	The assignment has more than 4 grammar and spelling errors in the database/storyboard.	The assignment has 2 to 3 grammar and spelling errors in the database/storyboard.	Both the storyboard and the database are free of grammar and spelling errors.
